AYER'S Sarsaparilla
FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:
Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.
J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a scrofulous taint in my blood, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my limbs and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many remedies and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was induced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,
ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1864, that he has cured an inveterate case of *Dropsy*, which threatened, to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing of New York City writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhea by it, and some where the complaint was caused by *ulceration of the uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous *uterine ulcer* on one of the females in my family, which had defied all other remedies we could consider, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Orleans, 28th August, 1859.
Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and resort to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in six weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which my agent gave me, that this preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, C. V. BARTMER, M. D.

Rheumatism & Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 4th July, 1859.
Dr. J. C. Ayer: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians and stuck to me in spite of all the remedies I could find until I tried your Sarsaparilla. One bottle cured me in two weeks and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from my other cause than *derangement of the liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God, it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cure of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass.

ANOTHER CONTRAST.

Scarcely had the illustrious names of Andrew I and Alexander II been appended to the instrument by which Russian America became a Territory of the United States—passed from the hands of the most despotic of monarchies to the most liberal of Republican Governments—when it was discovered by the wide-awake and enterprising purchasers that a territory little known and little valued—a sort of *terra incognita*, in fact—was of enormous value. Its area (estimated at nearly 500,000 square miles) its soil, its climate, its inexhaustable resources were dilated upon in that enthusiastic and hifalutin way peculiar to American Journalism, and the purchase-money ($7,250,000.) referred to as "a paltrey compensation." Scarcely had the deed of purchase been "signed sealed and delivered" when expeditions were fitted out to visit the newly acquired Territory, a line of first class steamships advertised to sail to it and towns and cities springing up, if not in the Territory itself, at least in the fertile imaginations of that wonderful people into whose hands it had but just passed. Nor can there be a doubt that the change in the progress of that country under the new *regime* will be as marked as the difference in the genius of the two Governments. Hitherto farmed out to a Fur Company at two thousand a year, it has been little more than a "preserve" for fur-growing animals. Now, however, its quiet waters will be disturbed by lines of ocean steamships, and the fleets of fishing smacks that will resort to its banks, while its fertile and secluded valleys will rapidly become the scene of thrifty husbandry, Sawmills will spring up on its inlets and its bays, as if by magic, and the smoke of the steam quartz crusher will soon be seen issuing from its mountain sides. Much of all this must doubtless be set down to American enterprise—Yankee go-a-head-ativeness; and very much is due to the habit which our neighbours have of looking at the bright side. We never hear of Americans growling about their Government and the "ruin and decay" of their country. With a system of taxation heavier and more vexatious than our own, we scarcely hear a word of complaint. When anything is wrong, a grievance to be redressed, they go to work like men and have it put right, instead of howling through their Press about "serfdom" and "ruin" How is it that these Colonies, opened up, written about, talked about, resorted to by many thousands during the past eight or nine years, how is it that they possess a population of scarcely more than one thousand whites for each year of their civilized existence? How is it that; while possessing a better climate, better timber, coal, fisheries, soil, richer mines, occupying an infinitely more important geographical position and possessing four or five times the extent of country, the little Territory to the north threatens to outrun us? There can be little doubt that the backward condition of this colony is attributable in part to misgovernment. But it is equally certain that it is largely owing to the suicidal policy of some of our public men, and some of our public newspapers. There is an old proverb which says "It's an ill bird that fouls its own nest." The American Eagle may have its faults; but it's a noble bird, quite above fouling it's own nest. But if we turn to the public men and the public prints of Victoria what do we find? Why, a fixed policy, persistently pursued during the past two or three years, of making this country literally *stink* in the nostrils of the world. Its Government and its laws are depicted in the mo t repulsive form, and the cry of bankruptcy, depopulation and utter ruin is industriously circulated abroad. Indeed, if the very aim and object of these people were to give to British Columbia such a bad character abroad that it would be shunned by every right thinking person, it would be difficult to devise a more effective mode of accomplishing such an object than that which has been long pursued by the very estates whose especial duty it is to protect the country against the misrepresentation of its enemies. In looking no further back than a week we find a leading article in one of the morning papers, devoted to the consideration of the advantages of becoming a State of the Union, concluding in the following pitiful language:—"The question is no longer one of loyalty but of existence. We see ignominious ruin staring us in the face, and can discover nothing to avert it under the actual system. Therefore it is perfectly legitimate to pray and hope for any change which we believe would improve our deplorable condition." Should the day come when British Columbia shall constitute a star upon that banner which waves over our free and powerful neighbour we should imagine that one of the very first acts of the Government would be to banish such pestilential and morbid croakers from the country, as St. Patrick is said to have banished toads, frogs and noxious reptiles from the Emerald Isle. Talk about "Ignominous ruin" at a time when intelligence of "rich strikes" and assurances of confidence and contentment are reaching us from every mining camp! Prate about our "deplorable condition" at the very moment we are eagerly extending our hands across the Rocky Mountains, and inviting a closer connection with our transcontinental fellow colonists! Such conduct can only be accounted for upon the ground of "extreme local depression." But if such really be the condition of things in Victoria, which we do not believe, our contemporary would do well to confine such remarks to "his own dunghill," and not seek to drag down the whole Colony because a single town in an outlying island is suffering from merely temporary and altogether exceptional depression The prospects of this Colony, as a whole, never looked brighter; and all that is needed to give us substantial prosperity is an addition to our population, a desideratum we are not likely to get very soon if the character and condition of the country are to be so grossly misrepresented and traduced, by our own Press and people

FROM CARIBOO.

The steamers Lillooet and Onward arrived from Yale yesterday, the former bringing a Cariboo Express, and the latter having on board J. G. Shepherd, Esq., Manager of the Bank of British North America, with $130,000 in treasure, being a portion of the winter take at the Williams Creek Agency. Mr. Shepherd left the Creek on the 24th ult. The weather continued fine on the Creek; but owing to the frosty nights the supply of water for mining operations was still short. Quite a number of Companies were working successfully, and many more were only awaiting a supply of water in order to commence active operations. Everyone appeared confident that the season just commencing will prove one of unprecedented prosperity. Market prices had not undergone any perceptible change, and the supply appeared to be equal to the demand, with a few unimportant exceptions. As far as Vanwinkle there was still snow on the ground; below that point the road is bare, and travelling fair with the exception of the "Green Timber," where the ground is sloppy.

Adam's Mill is working well, and turning out an excellent article. It appears to be well found, and complete in every department.

Hon. Mr. Ball was met at the Junction, *en route* to Cariboo. Hon. Mr. Sanders was to start out from Yale yesterday for Lillooet.

Mr. Barnard's stage stock is in excellent condition, and his arrangements are very complete.

RETURN OF THE GOVERNOR.—His Excellency the Governor and the Hon. Mr. Birch are expected to arrive on H.M. Ship Sparrowhawk to-day.

LOUIS A. GARNETT.....President and Manager,
JOHN HEWSTON, Jr.....Chemist and Superintendent.

THIS Company having greatly enlarged their Refining Works, and introduced many other important improvements, are pleased to announce that they feel warranted in again reducing materially their terms of doing business.

THE TARIFF OF CHARGES

Which they now submit to the public—considered with reference to the cost of material and labor—is lower than in any other part of the world, and secures to the mining interest of this coast an important increase in both the mining and commercial value of bullion.

Their charges hereafter will be as follows:—

FOR ASSAYING DEPOSITS FOR UNPARTED GOLD BARS.

One-eighth of one per cent. (hitherto a quarter) for all amounts over $1,000, and two dollars for any smaller sum. returns made in twenty-four hours.

FOR ASSAYING DEPOSITS FOR UNPARTED SILVER BARS.

Two dollars for the gold contained, up to $1,000, and one eighth of one per cent. for all amounts over that sum, and one per cent. on the silver contained. Returns made in twenty-four hours.

FOR REFINING DEPOSITS MADE FOR COIN OR FINE BARS.

On bullion under 300 parts gold, 2 cents per ounce.
On bullion 300½@600 parts gold, 4 cents per ounce.
On bullion 600½@750 parts gold, 6 cents per ounce.
On bullion 750½@949½ parts gold, 8 cents per ounce.
Above 950 the only charge will be for coinage. But there will be no charge for refining less than two dollars.

FOR COINING GOLD.

This charge will be the same as at the mint—a half of one per cent.—and which is paid by us to that institution. But there will be no charge in future for making fine gold or silver bars from bullion refined by us.

RETURNS IN COIN MADE IN FORTY-EIGHT HOURS.

Silver contained in deposits for coin will be accounted for at the same rate customary at the Mint.

Gold bars of other Assayers in good standing, will be cashed by us at the highest market rates.

Dust and bullion can be forwarded to us from any part of the country, and returns made through Wells, Fargo & Co's Express.

CHARGES AT U. S. BRANCH MINT.

For the convenience of those not familiar with the terms of the Mint, we subjoin the tariff of charges now in force at that Institution.

For refining bullion under 300 parts gold, 3cts per oz.
For refining bullion from 300½@600 parts gold, 5cts. per ounce.
For refining bullion from 600½@750 parts gold, 7cts. per ounce.
For refining bullion from 750½@850 parts gold, 11cts. per ounce.
For refining bullion from 850½@949½ parts gold, 14 cts. per ounce.

The charge for coinage is one-half of one per cent., and the charge for making fine silver bars, the same.

Comparing the net value of deposits for coinage, with the proceeds of unparted gold bars sold in the market—assuming that the bars have cost ½ of one per cent.—they must be sold at the following par rates to equal the return which would have been made had they been deposited for coinage:—

830 par to equal Mint return, at refining charge of 14 cents.
845 par to equal Mint return, at refining charge of 11 cents.
865 par to equal San Francisco A. & R. Works return, at refining charge of 8 cents. ma30 3m

The British-Columbian.

SATURDAY, MAY 4, 1867.

IN A STRAIT.

Adversity tries a man's loyalty as well as his virtue. Our contemporary of the Victoria *News*, doubtless suffering the bitter consequences of late recreancy, appears to be in a terrible strait between loyalty to his Queen and country and the "glittering twenties" of Uncle Sam, which his morbid imagination has conjured up. In a recent issue he whines after the following fashion. "Is it not enough to shake the loyalty of the most loyal when we see voted by the last Congress between two and three millions of dollars for the requirements of the Pacific coast, while we do not receive a single shilling from the Imperial Government, nor are we likely to do so, and yet are deprived of our liberal institutions and literally compelled to support a despotic government at an expense on no account necessary, and greatly exceeding in amount our means to pay, even if we had the will." Our juvenile contemporary ("young in years but old in sin") would appear to have yet to learn that "all is not gold that glitters." How many millions has the "Pacific coast" contributed to the Federal Treasury? What does British Columbia contribute to the Imperial Treasury? We ask these questions because some simple-minded persons appear to run away with the idea that all money voted by Congress for expenditure in the Pacific States and Territories is just so much given "free gratis for nothing," whereas it is only a certain percentage upon what has been contributed by these States and Territories in the shape of Federal tariffs and taxes. As to the whine about being "deprived of our liberal institutions," the less said on that subject the better. The people of Victoria had liberal institutions. Were they any better off or more contented under them? Did they not prove themselves utterly unfit for self-government, and bring the affairs of the colony to a dead-lock, a regular smash-up? And did they not bluster and bully and cringe and beg by turns to be "taken in tow" by the mainland? Nobody expected them to be contented under the new *regime* any more than they were under those "liberal institutions" the loss of which they have never done bemoaning. They should remember however, that the change was all of their own seeking, and cannot justly be charged either upon the Imperial Government or upon the people of the mainland.

From Victoria.—The str. Enterprise, Capt. Swanson, arrived from Victoria last evening, with freight and passengers. We have our usual files of the Victoria papers; but as they are chiefly filled with local squabbles—disputing as to which has been most inconsistent in advocating annexation to the United States,—and news copied from our own columns, there is little that would prove interesting to our readers. The *Colonist* says the Governor will fill the vacancies in the Educational Board, and lay the whole system before that body for revision. The same paper says Chief Justice Needham will retain his position, and that Judge Begbie will probably be transferred to another colony.

"A Green Un."—Our verdant contemporary of the Victoria *Colonist* makes a very clumsy attempt to manufacture "Capital" out of the circumstance of a deer, which had escaped from one of our parks, having been captured in the river, opposite this city. We believe there are no parks in Victoria; yet one would have thought that, even if he never visited London or any of the great cities of the Old World, he would have heard or read of deer parks in cities.

A Fire on Board.—On her upward trip the Lillooet took a quantity of hay on board at Sumass. It was discovered to be on fire shortly after leaving the landing, and was thrown overboard without any damage to the steamer.

From the Victoria Court Journal.—The Victoria *Colonist*, which has been assiduously playing "Court Journal" during his Excellency's brief visit to that town, has the following important item in its issue of the 27th ult:—"☞His Excellency the Governor, "accompanied by Mr. Birch, rode "through the town yesterday."

For Big Bend and Cariboo.—Amongst the passengers by the Enterprise yesterday were the Hon. Mr. Cox and F. Laumeister Esq. The former will start for Columbia District on Wednesday, and the latter for Cariboo to-day.

The Next Mail Steamer.—The Steamship California will sail from San Francisco on Saturday next, the 11th inst., carrying our Mails.

Mail for Big Bend.—A mail will be dispatched for Big Bend and Kootenay this morning.

Laid Over.—An additional chapter about the Blackfeet and the Crees is unavoidably laid over till our next issue.

In the Field.—Captain Prichard's Rifle Corps engaged in Infantry drill on the Cricket ground, on Thursday.

OUR TRIP TO YALE.

To the Editor of the British Columbian.

Sir,—The sun rose bright and glorious on the morning of the 24th as the Steamer Lillooet with her living freight of passengers moved off from the Capital; and I could not help missing a few bars in the tune we were playing, in order to return the salute of our friends on the wharf who were waving their caps and shouting their farewells, although by doing so I incurred the displeasure of our leader; but what of that, we the Hyack Brass Band, were off for a lark having been kindly invited by Capt. Fleming to accompany him to Yale and back, and a trip like this up the noble Fraser with such delightful weather as appearances promised, was a change from the dull monotony of a winter in the Capital, and calculated to raise our feelings above the ordinary level. I said we the Band were off for a lark, and I remember perfectly well of our going on board as the Hyack Band, but before reaching Yale it became a matter of doubt to my mind whether we were really the Hyack Band or the proprietors of the Lillooet. One thing is certain that before the trip was ended I came to the conclusion that the man who wrote "home is not found in four square walls" wrote the truth, for on this occasion we found a home on board. Reaching Yale at 5 o'clock on the morning of the 25th we were received by Capt. Sutton's Battery firing a salute of forty seven guns. I am not certain as to the exact number, and may have taken some of the numerous echoes for the original sounds, as things in general appeared to me at that time to be somewhat mixed.

On landing we proceeded at once to the saloon of W. H. Sutton where we were warmly entertained by the good-humored propietor, who immediately suggested the propriety of wetting our horns to which we of course objected. In the afternoon Mr. Sutton ordered round his four-horse stage and drove us through the town and out five miles on the Lytton road: on our return things began to appear more and more mixed. I have a dim recollection of trying to buy a box of matches in a room over the Express, where I was informed by a very gentlemanly looking fellow with black hair, that this was the Telegraph office, that he was the operator and that he had no matches for sale, but, if I would put the end of my cigar to the end of the ground-wire, he would give me a shock. I thought him very kind and informed him that if he would bring his body outside the house I would shut his key for him, which however he declined to do; so I moved out.

I must say that I am greatly taken up with the town of Yale, and consider it very prettily located, and its people jovial and hospitable. But one thing I would suggest to the Chairman of the Board of Works, that he would at once proceed to straighten the streets, and to bring the buildings into as near a line as possible, so that a sober man in travelling round by night would not be in danger of leaving one half of himself on the sharp angles that continually get in his way; for on leaving Sutton's Saloon (the headquarters of the band) to take a short stroll through the town, I ran against several buildings, some of which appeared to be in the very middle of the street; and, as I was perfectly sober at the time, I thought things in that part of the town are wonderfully mixed up. I moved on, however, and when in the vicinity of Sutton's stables I came across the second tenor, engaged in a warm conversation with a post, over which some careless packer had thrown his saddle blanket, and soon after I discovered the second alto whose ideas of musical sounds being somewhat confused by the day's excitement, playing an accompaniment to a bell-mule in an adjoining corrall. Disgusted with the discord the fellows were making, I shouted murder at the top of my voice when I was immediately confronted by a very tall looking individual in a long gray coat, buttoned up to the chin and bearing a suspicious looking lantern in his hand. I at once took him for one of the Dark lantern Society and gave him the grand sign, which he answered by catching me roughly by the collar and turning me round so suddenly that my hat left my head and made a carom on the corner of the fence. He then put his mouth close to my ear and, pointing to the lights on the steamer, said in a voice that sounded like thunder "move *an*," and I did move *an*, glad to get out of his grip. Doubling round the corner I bilked the old fellow after all and got up on the back street where I met the last remnant of the Hyack Brass Band (three in number) who with our generous Captain Fleming as swear drummer, was marching along playing Yankee Doodle, headed by Mr. Sutton, who with a coal oil lantern in one hand, was beating time in regular drum-major style with a bottle of sherry in the other. I looked at this the winding up of the day's proceedings as an insult to the flag we live under and again I shouted at the top of my voice murder! treason!! Fenians!!! when the bass-drummer mistook my head for a drumhead and knocked me plumb out of time. I remember no more till I was awakened about two o'clock in the morning by the tuba player knocking at the Steward's room and loudly demanding his share of the *slap-jacks* left from last night. Now I was determined that the Steward, who had been so attentive to us on the whole trip, should not be disturbed in his peaceful slumbers, and was in the act of stooping in search of a missile to hurl at the intruder's head, when the door of the cabin opened and in walked another of our boys whistling the second figure of the England Quadrilles. He halted when near the aft part of the cabin and commenced undressing, carefully piling his clothes on a lounge and muttering to himself that "a man could not be drunk when he was able to take off his boots." He deliberately got upon the table, covered himself with the tablecloth and was soon fast asleep. Not for a moment imagining the fellow was drunk and that he had taken the table for a bed, I turned into my birth soliloquizing on the disparagement of men's tastes and soon went to sleep.

Next day I was aroused by friend Mullen, who informed me that we were nearing the mission and that the scholars were about to receive us with their *tenas* band. I was up and dressed in a giffee and found the boys awating me on the bow of the steamer. I looked around amongst them in hopes of discovering the eccentric individual who had made his bed on the table, but could not satisfy myself as to the particular one. After the scholars had played their tune, we returned the compliment, by playing one of ours, when the steamer moved off the scholars giving us three hearty cheers. A little before noon we reached the Capital, playing 'Home again', and, regretting that our voyage was so soon at an end, made for our respective homes. Thus ended the most pleasant and jovial period in the history of the Hyack Brass Band. As I sit now in perfect sobriety and revolve the whole scene over in my mind, there is but one conclusion that I can come to, which is this; That a man who could not enjoy himself on such a trip, on board the Lillooet, with such a Captain as now commands her, with such a continual flow of genial *spirits* encircling the good-natured countenance of friend Gerald, and with the assurance that, although the "sisters" might put their heads together to work our distruction, their efforts would be futile, while our safety rested in the hands of such men as big Jim for mate, and Delaware at the wheel, I say if with all this, such a man could be found, he is one with no music in his soul. Let no such man go on a picnic. Solo. Baritone.

TELEGRAPHIC.

SPECIAL DISPATCH TO THE "BRITISH COLUMBIAN"

EASTERN STATES.

Chicago, April 30.—The eight hours law goes into effect to-morrow, the Workingmen's Societies are preparing for a grand display with processions and speeches by Governor Oglesby and others. The prospect is that there will be a ferocious disarrangement in the relations of trade for some time; some workingmen insist on the old rates of pay for the reduced time, while employers will almost unanimously refuse to pay as before.

Chicago, April 30.—An Omaha dispatch says the rumors of Hancock's expedition being in distress and eleven thousand Indians encamped beyond Fort Phil Kearney waiting to commence hostilities, are unmitigated hoaxes. A Fort Laramie dispatch of the 28th says the Indians surrounded Horse Shoe Station and a fight is now going on, the telegraph supply train was attacked on the 21st seventy miles west of Fort Laramie. The provisions were destroyed and no more work will be done on the telegraph line without a military escort.

A Cretan letter of March 30th says every attempt of the Turks to advance has been repulsed.

An English papar says that in case of a difficulty with Spain the Government of the latter country will seize several million pounds worth of wines stored in Spanish ports belonging to English merchants, while England will seize the Beleric Islands.

New York, April 30.—A correspondent of the *Tribune* writing from Constantinople on the 6th says that Russia has succeeded in playing a deep game and completely deceiving the diplomats of Europe; by professing nonintervention Russia has succeeded in putting France forward to demand a suspension of hostilities and the submission to a conference on the question of a union of Crete to Greece, knowing that it could not be granted. The correspondent claims to have the best reasons for believing that Russia will push on to secure the dismemberment of Turkey at once.

Chicago, May 1.—Workingmen's demonstration to-day the largest ever witnessed in Chicago, the procession was estimated at from 20 to 30,000. More than half the shops of all kinds in the city are closed, the employers refusing to accede to the demands of the workmen. Whatever the ultimate result may be, it seems probable that the immediate effect of the law will be mischief and trouble between employers and laborers, similar demonstrations occurred in most of the principal cities in the State.

New York, May 1.—A Candian letter dated March 24th to the *Tribune* says Turkey utterly refused to allow the Commander of the frigate Canandaigua to do anything at all for the suffering Cretans.

New Orleans, April 30.—M. Romero Miramon is dead. The Imperial forces are disbanded, Marquesa is completely defeated, Oueretaro is taken, Maximillian is hidden. (signed) Ramon S. Diaz.

EUROPEAN.

London, April 29. (evening)—It is understood that the following has been agreed upon as a basis of deliberation of conference of the Great Powers on the Luxembourg question: France shall not be enlarged at present—The boundaries and fortifications of Luxembourg shall be dismantled; the future status of Luxembourg shall be determined by the Conference, the decision to be guaranteed by all the powers participating.

London, April 30.—In Parliament yerterday Lord Stanley stated to the Commons, that the peace conference had been accepted by France and Prussia, and it is believed the Luxembourg question will be amicably settled.

The Berlin Diet was opened by the King, he urged the speedy adoption o the constitution.

Paris, April 30. (evening.)—The *Moniteur* says officially that orders have been issued to stop the military preparations of France.

The Brussels Government is augmenting its military, and raising a new loan.

CALIFORNIA.

San Francisco, May 2.—Arrived bark Rival 8 days from Port Discovery brig Admiral 7 days from Utsalady. May 3d bark Torrent 7 days from Teckalet, bark Leonore 10 days from Port Blakely.

San Francisco, May 1.—Sailed 1st bark Glimpse, Puget Sound, brig Hugh Barcley, Puget Sound, and schooner A. J. Webster, Columbia River.

CANADA.

Toronto, May 1.—McGarth, a Fenian was sentenced to be hanged at Quebec.

Holloway's Ointment and Pills—Abscesses, Erysipelas, Piles.—Unvarying success attends all who treat these diseases according to the simple directions wrapped round each pot and box. They are invaluable to the young and timid, whose bashfulness sometimes endangers life. A little attention, oderate perseverance, and trifling expense, will enable the mort diffident to conduct any case to a happy issue, without exposing secret infirmities to anyone. The Ointment arrests the spreading inflamation, restrains the excited vessels, cools the overheated skin, alleviates throbbing and smarting pains, and gives great ease. The same directions also clearly point out when and how Holloway's Pills are to be taken, that their purifying and regulating powers may assist by adjusting and strengthening the constitution.

B. C Horn & Co.—The name of this old firm must mingle with every California pioneer's oldest recollections, and must inevitably be allied with that of the choicest brands of Tobacco and Cigars, most of which they have been for many years the sole agents for. With the opening anew of the Virginia Tobacco trade and the increase of business facilities at Havana, Messrs. B. C. Horn & Co. come again proudly before the public with a full columned catalogue of old Virginia and Havana's best productions—known and varied brands of the choicest flavor of "the weed." Turn to their advertisement in today's issue and see the list of the good old familiar brands once more in market. *

Toys and Fancy Goods.—G. C. Clarkson & Co. having made large additions of the above Goods to their stock, any one wishing to make a present would do well to give them a call, as they have a great variety of nice, neat and natty articles of vertu which are useful, and at the same time will please the eye and adorn a table or mantel-shelf. *

Good Accommodation—Travellers to Cariboo this season will find most comfortable quarters at the Colonial Hotel, Soda Creek, the enterprising proprietors Messrs. McLeese & Senay being prepared to afford to those who may favor them with a call increased accommodation at a much less cost than hitherto, *

REPORT

OF THE

FIRE DEPARTMENT.

To the President and Members of the Municipal Council.

Gentlemen,—The undersigned, in accordance with the 12th clause of the Fire Bye-Law, begs leave to report the condition of the Fire Department, in regard to its financial affairs, its strength and the wants and requirements of the Department to render the willing services of the members of the Fire Company efficient and useful to the property-holders of the City.

The Secretary's Report herewith, contains the list of the members, the financial statement and the additions to the property of the Company.

The property of the Company consists of one first-class Fire Engine, one hose-carriage, 500 feet of hose, one Engine House, one splendid bell, buckets, ladders, furniture, &c., all in good order.

The Department consists of one Chief, one Assistant Engineer and one Company consisting of 40 active and 21 Honorary members.

I would respectfully suggest that in order to increase the precautions against fire, additional tanks should be placed as follows: one on Agnes street, between Mary and Hamley streets, and one in the vicinity of the Hospital. I would also recommend that the tank in front of the Columbia Hotel be enlarged. In reference to this last suggestion I beg to refer to my report of May, 1863, in which I drew the attention of the Council to this improvement, the position of the tank being such as to command a large number of valuable buildings; as for instance, the Scott and Dickinson block, the Mansion House and all the buildings adjoining. In the event of a fire occurring in any of the buildings above mentioned water could only be obtained from the Hyack Hall or the river, causing in either case a great loss of time. These tanks would cost but a very small sum and would be the means of preserving a large amount of valuable property should a conflagration unfortunately occur in the vicinity.

Trusting that the above suggestions may meet with the approval of your Honorable Body, and that the Fire Department may always have your support and favor,

I remain, Gentlemen,
Your Obedient servant,
F. G. RICHARDS,
Chief Engineer.

New Westminster, March 25, 1867.

CURE IS AT HAND!

HOLLOWAY'S OINTMENT

Scorbutic Eruptions, as Sore Heads and Scrofulous Swellings.

If this powerful Ointment be well rubbed into the parts affected, all skin disease will be speedily overcome. It acts not by repression, but repulsion. It enters the system as salt enters meat, and operates not locally only, but constitutionally purifying the whole system, neutralizing all depraved humours, and affecting a radical and complete cure. The Pills should be taken as an auxiliary to the Ointment, as they are so prepared as to act in union with it, facilitating and confirming the conquest of the disease.

Diptheria, Ulcerated Sore Throat and Quinsey.

The above complaints have for twenty years been treated with Holloway's Ointment and Pills with complete success. The cures have been so remarkable, speedy and numerous, that these often fatal diseases are more easily cured by these medicines, than even the common sore throat, if taken in time.

The Kidneys, Stone and Gravel.

In these complaints, the Ointment almost acts like a charm, providing it is very effectually rubbed over the regions of the kidneys, which it will penetrate and give almost immediate relief, while the Pills should be taken according to the printed directions, when the most extraordinary cures may be effected by this means.

Bad Legs, Bad Breasts, Scrofulous Sores, and Glandular Swellings.

In such cases the Ointment operates surely and with a rapidity that resembles magic. It should be rubbed into the parts affected, after they have been fomented with lukewarm water. The purifying and curative powers of this marvellous unguent have never failed. Any old sore, wound or ulcer always yields to its influence, and in cases of bad breasts, or milk fevers, its action is wonderful. Glandular swellings may soon be reduced by following the printed directions.

The Action of the Heart. Dropsy.

The last named disease is commonly preceded by irregular action of the heart, and difficult respiration; which symptoms are always severe, and ever go from bad to worse, unless proper means of cure are resorted to. In Holloway's unrivalled Ointment and Pills the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the application of this famous Ointment, invariably results in a cure. They act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

Gout and Rheumatism.

May be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts, and this perseveringly done for some time. It is no use to smear it on the skin only, it must be got into the system. Take as many Pills nightly as will act two or three times during the 24 hours; eschew the use of coffee, and all stimulants. When these complaints are leaving the system, the virulence of the complaint frequently seems to increase.

Indiscretion of Youth.

Sores, ulcers and swellings can with certainty be cured if this Ointment be thoroughly rubbed all round the complaining parts twice or thrice a day, keeping them covered with linen rag spread with the same.

The Pills must be taken according to the printed directions. The blood being in an impure state, perseverance is necessary. From humane motives letters of advice will be answered gratuitously. To save carriage the Pills should be obtained in the neighborhood of the sufferer, and not from Holloway's establishment.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Chapped hands,	Scalds,
Bad Breasts,	Contracted and Stiff Joints,	Sore-Nipples,
Burns,		Sore-throats,
Bunions,	Elephantiasis,	Skin-diseases,
Bite of Mosquitoes and Sand-flies,	Fistulas,	Scurvy,
	Gout,	Sore-heads,
Coco-bay,	Glandular Swellings,	Tumors,
Chiego-foot,		Ulcers,
Corns (soft),	Lumbago,	Wounds,
Cancers,	Piles,	Yaws.
Chilblains,	Rheumatism,

CARD OF THANKS.

WE, the Members of the Hyack Brass Band, New Westminster, desire thus publicly to acknowledge the courtesy of Captain Fleming of the steamer Lillooet, in tendering to us a free excursion to Yale and back, and in treating us with the most unremitting kindness and attention during the trip. Any language we can employ must constitute a very inadequate return for such whole-hearted kindness as we have received, yet our most hearty thanks are now tendered to Captain Fleming, as the only recompense in our power.

To Mr. W. H. Sutton and the people of Yale generally we would also offer our thanks for their kind hospitality extended to us during our stay in that pretty and lively town.

AYER'S CATHARTIC PILLS.

ARE you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering & disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine*. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, PA., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst *headache* any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion.

Billous Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa*. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood*.

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness*. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse the stomach and expel worms*. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains*, which ended in *chronic rheumatism*. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

S.T-1860-X.

"Jes' so!"—"Exactly!"—Solon Shingle said: they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters: if he felt weary at night, he took Plantation Bitters; if he lacked appetite, was weak, languid or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS
Will cure Nervous Headache,
" Cold Extremities and Feverish Lips,
" Sour Stomach and Fetid Breath,
" Flatulency and Indigestion,
" Nervous Affections,
" Excessive Fatigue and Short Breath,
" Pain over the Eyes,
" Mental Despondency,
" Prostration; Great Weakness,
" Sallow Complexion, Weak Bowels, &c.

Which are evidences of

LIVER COMPLAINT AND DYSPEPSIA.

After a long research, we are able to present the most present the most remarkable cure for these horrid nightmare diseases, the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

T. H. DRAKE & CO.,
New York City,
Proprietors.

Sold by all Druggists, Grocers, country stores and dealers throughout the world.

REDINGTON & CO.,
San Francisco,

se18 General Agents for the Pacific Coast

Barnes' Magnolia Water.

A toilet delight! The ladies' treasure and gentlemens' boon! The "sweetest thing" and largest quantity. Manufactured from the rich Southern Magnolia. Used for bathing the face and person, and to render the skin soft and fresh, to prevent eruptions, and to perfume clothing, &c.

It overcomes the unpleasant odor of prespiration.
It removes redness, tan, blotches, &c.
It cures nervous headache and allays inflammation.
It cools, softens, and adds delicacy to the skin.
It yields a subdued and lasting perfume.
It cures musqueto bites and sting of insects.
It contains no material injurious to the skin.

It is what every lady should have. Sold everywhere. Try the Magnolia Water once and you will use no other Cologne, Perfumery, or Toilet Water afterwards.

Sold by Druggists and Dealers everywhere.

DEMAS BARNES & CO.,
se19 Props. Exclusive Agenss, N. Y.

Lyons' Kathairon.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair turning grey and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

se19 E. THOMAS LYON, Chemist, N. Y.

Lyons' Extract Ginger.

LYONS' EXTRACT OF PURE JAMAICA GINGER—for Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make it a cheap and reliable article for culinary purposes. Sold everywhere, at fifty cents per bottle. Ask for "Lyon's" Pure Extract. Take no other. See that the private U. S. Stamp of Demas Barnes & Co., is over the cork of each package. None other is genuine. se19

Mustang Liniment.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and weeney, the Mexican Mustang Liniment never fails.

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings, are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped over and scalded my hands terribly. * * * The Mustang Liniment extracted the pain, caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad St., Phila.

Mr. S. Litch, of Hyde Park, Vt., writes: "My horse was considered worthless (spavin,) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist, and also has the private U. S. stamp of Demas Barnes & Co. over the top. Look closely. Sold by all Druggists, at 25, 50 cts., and $100. se19

Lyons' Flea Powder.

DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder, will perfectly destroy everything in the shade of fleas, ticks, bed-bugs, roaches, &c.; that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals. The genuine has the signature of E. Lyon, and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other. se19

ADVICE GRATIS!

HOLLOWAY'S PILLS

To Purify the Blood.

These Pills have been placed by the common consent mankind at the head of all remedies for removing obnoxious poisons from the blood, and cleansing all the tissues of the body. They have saved thousands year after year from falling a sacrifice to the effects of dyspepsia, dysentary, diarrhœa, constipation, liver complaints, &c., a fact attested by myriads of witnesses. Excessive weakness and debility, the warnings of decreasing organic energy and vital decay, are restored and reanimated with vigor and healthful action in every organ throughout the system, by the restorative and exhilarating influence of this medicine.

Female Complaints.

All disorders of the sex, and diseases in every crisis perilous to the life and health of woman, youthful or aged, married or single, may be radically and quickly cured without risk or trouble, by a few doses of these Pills, taken according to the printed directions.

Indigestion with languor and want of energy.

When taking these Pills, rub Holloway's celebrated Ointment over the pit of the stomach, and over the regions of the liver, on the right side under the ribs, and you will at once experience a change for the better in your digestion, spirits, appetite, strength, and energy. The improvement, though it may be gradual, will be thorough and lasting.

DROPSY.

The efficacy of Holloway's Pills in dropsy is extraordinary. They act with such peculiar effect upon the system, that the fluids arising from this direful disease are imperceptibly carried off and prevented from any further accumulation. The sufferer regains a buoyancy of spirits and rejoices in a completely renovated constitution; but it is indispensably necessary that the Ointment should be most effectually rubbed into the complaining parts.

Stomach, Liver, Kidneys and Bowels.

Those who suffer from bile and liver complaints, should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, removing all impurities, giving a healthy action to the liver; if bilious attacks be allowed to continue, serious casualties may arise, and the sufferer be consigned to a bed of sickness. In all disorders of the kidneys, the Ointment should be well rubbed into the small of the back, once or twice a day; and the Pills taken in unison, will cure any complaints arising from these organs.

Puffy,—Shortness of Breath with Weakness.

Very bad symptoms, which if not corrected, may tend to some serious disorders of the heart, or other vital organs. Eat moderately of solids, take six Pills nightly for some little time; take plenty of fresh air with moderate exercise, and the human machinery will be quickly restored to health and vigor. Try this but for three days only, and the result will be marvellous.

Complaints incident to Children.

All complaints of children may soon be cured if care be taken to purify their blood, correct the action of the liver, and cleanse the stomach and bowels: a few doses of these famous Pills will immediately have the desired effect, particularly if parents be careful in not allowing them to eat of things which they know would be injurious to themselves.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague,	Female Irregularities,	Scrofula, or King's Evil.
Asthma,		
Bilious Complaints,	Fevers of all kinds,	Sore Throats,
Blotches on the Skin,	Fits,	Stone and Gravel,
	Gout,	Secondary Symptoms,
Bowel Complaints,	Head-ache,	Tic Doloreaux,
	Indigestion,	Tumours,
Colics,	Inflammation,	Ulcers,
Constipation of the Bowels,	Jaundice,	Venereal Affections,
	Liver Complaints,	
Consumption,	Lumbago,	Worms of all kinds,
Debility,	Piles,	Weakness from whatever cause, &c., &c.
Dropsy,	Rheumatism,	
Dysentery,	Retention of Urine,	
Erysipelas,		

Sold at the establishment of PROFESSOR HOLLOWAY, 244, Strand, (near Temple Bar) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d., 2s. 9d., 4s. 6d., 11s. 22s., and 33s., each Box.

*** There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box.
